

# Water Curb Box

This is a picture of the top of the water curb box. This may or may not show the word WATER.

Maintenance of the curb box falls to the Cornwall Borough Water & Sewer Dept. Over time, this box can rise or sink a few inches causing a potential problem as you mow your lawn. The curb box cover may become loose or may get damaged or broken.

If you've noticed any of these problems with your curb box, please call our office at 717-274-3436 so that we can make the necessary repairs.
